

Middlewich High PTFA Newsletter

June 2021

In 2019 we launched our brand new PTFA. We have run several successful events but we were held up with the lockdowns and restrictions. We are now coming back with a new passion to raise money for the school and to get the pupils what they need to help them to succeed in their learning. We have already supported learning at home by giving ten laptops to the school for pupils who had no access to a Computer.

We intend to carry on our fundraising opening up events as and when restrictions allow, such as the annual

One way you can support us now is to use the Easy fundraising app when you shop online.

It is a simple process to just download the app and set it up for Middlewich High. If you need to buy anything online, just open the app, select your shop and it will direct you to the website for that shop. When you complete your purchase you will raise money for our school and it costs you nothing extra and It all happens automatically.

Another great fundraiser has been the school lottery. It has been a great tool to help us keep money rolling in whilst we have been in lockdown. It's very easy to buy your ticket as it is done online and the money is taken out of a bank account so no more having to queue in the supermarket on a Saturday afternoon to play your lucky numbers.

There is an option for a lucky dip or play your own.

Every week there is a local winner in the school community and a winner nationally so you will have a chance to win on both.

For just £1 a week it is a bit of fun and helps the school all in one.

To buy your ticket visit www.yourschoollottery.co.uk and search for Middlewich High school.

There are only 15 tickets left , so you have to be quick.

Good Luck!!

To keep up to date with all PTFA activities, please join our new facebook page @Middlewich High School PTFA , Twitter and Instagram.
